

Disposal Guidelines for Container Desiccant

1. Gel Pack (Inside Non-Woven layer)

- Collect in disposable bag.
- Dispose as non-hazardous industrial waste.
- Do not pour into drains, soil, or water.

2. Outer Non-woven Layer

- Treat as general solid waste.
- Prefer incineration or energy recovery if facilities exist.

3. Plastic Hook

- Separate from bag.
- Dispose with plastic recyclables if accepted locally, otherwise as general solid waste along with non-woven layer.

4. Compliance Note

- Any disposal practice must comply with local, state, and federal laws.
- Contact local or state environmental agencies for specific rules.

1. Gel Pack
(Inside Non-Woven layer)

2. Outer Non woven Layer

3. Plastic Hook
